CAREER SUMMARY

MERN Stack Developer with hands-on experience in designing and developing scalable web and mobile applications using MongoDB, Express.js, React.js, Node.js, and React Native. Currently working at SDS Technologies, contributing to real-world projects including a cryptocurrency trading platform and a real estate mobile application. Passionate about building high-performance applications, writing clean code, and continuously learning modern technologies.

EDUCATION

Christian College of Engineering and Technology, Oddanchatiram

B.Tech - Information Technology

10/2021 - 05/2025

GPA:8.3

SKILLS

- **Technical Skills:** HTML ,Css, Javascript , React.js, Bootstrap , Node.js , MongoDB, Express.js, Tailwind CSS, REST API, JWT Authentication, Firebase, Git, Github , Postman
- **Soft Skills:** Communication, Team Work, Problem Solving , Time Management

EXPERIENCE

MERN Full Stack Developer

Present

SDS Technologies

- Developing full-stack web applications using the MERN Stack.
- Building REST APIs and integrating frontend with backend services.
- Working with JWT Authentication, MongoDB, Express.js, React.js and Node.js.
- Collaborating with the development team to build scalable applications.
- Participating in bug fixing, testing, deployment and performance optimization.

MERN Stack Developer Intern

03/2025 - 07/2025

GT Softwares, Coimbatore

- Gained practical experience in developing and maintaining web applications using the MERN .
- Applied secure coding practices while implementing authentication and API-based functionalities.
- Enhanced problem-solving skills through debugging, testing, and performance tuning.
- Adapted to professional development workflows, managing tasks within given timelines.
- Strengthened technical expertise in responsive design and cross-browser compatibility.

PROJECT

Holly Coins – Crypto Trading Web Application

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB

- Developed a cryptocurrency trading web application.
- Implemented secure user authentication and authorization using JWT.
- Built wallet management, trading dashboard and transaction history.
- Integrated REST APIs for seamless frontend-backend communication.
- Developed responsive UI for desktop and mobile devices.

Real Estate Mobile Application

Tech Stack: React Native, Expo, Node.js, Express.js, MongoDB

- Developed a cross-platform real estate mobile application.
- Implemented property listing, search and filtering features.
- Added property image uploads and detailed property information.
- Integrated backend APIs for authentication and data management.
- Built a responsive and user-friendly mobile interface.

Corporate Web Application

Tech Stack: React.js, Tailwind CSS, JavaScript, Node.js, Express.js, MongoDB

- Developed a responsive corporate web application.
- Built an admin dashboard for content and user management.
- Integrated REST APIs and implemented secure authentication.
- Optimized performance and ensured responsive design.

CERTIFICATION

MERN Full Stack Development

- **Front-end:** Html, Css, JavaScript, React.js, Bootstrap
- **Back-end:** MongoDB, Node.js, Express.js
- **Institute:** GT Software, Coimbatore
